

## A head-to-head or solo strategy card game

Ages 7+

### Scoring

Points are scored for matching cards horizontally, vertically, or diagonally.

- Score 2 points for each pair of adjoining cards.
- Score 6 points for each run of 3 adjoining cards.
- Score 8 points for a 4-card square.

Subtract 1 point for every card that fails to score.

4 runs of 2 = 8 points  
 1 runs of 3 = 6 points  
 1 non-scoring = -1 point  
 13 points total

### Game Play

Shuffle the deck and deal 9 cards face down to each player. Players may look at their cards.

Each player selects a card from their hand and places it face down in front of them. This is your center card.

On turn 1, Player 1 places a card from their hand face down on **their opponent's board**. Player 2 does the same. When both cards are played, flip to reveal.

On turn 2, Player 1 places a card from their hand face down on **their own board**. Player 2 does the same. When both cards are played, flip to reveal.

Continue in this pattern – alternating play on each board – until the boards are full.

Score the outcome to determine the winner!

### Solo Play

Shuffle the deck and deal 9 cards face down into each of two stacks.

Choose one stack as the Challenge deck. Reveal these cards and stack by suit. The Challenge Score will be 9 plus the highest number of cards in a single suit.

9 + 5 = 14 point Challenge Score

Without looking at your remaining cards, deal 4 cards face down in the corners of the board.

Look at your remaining cards. Place one card face up on the board and then flip one of the face-down cards. Continue in this pattern until all cards are revealed.

Score as normal. If you beat the Challenge Score, you win!
